2 *THE COURT:* Connors versus Texas Department of  
3 Criminal Justice.

4 *(Judge conferring with case manager)*

16:07:16 5 *THE COURT:* All right. Connors versus TDCJ and UTMB.  
6 Who's here for the plaintiff, please?

7 *MR. FRIEDMAN:* Jerold Friedman for Mr. Connors, the  
8 plaintiff.

9 *THE COURT:* Mr. Friedman.

16:07:35 10 And who's here for TDCJ, I guess?

11 *MR. GARCIA:* Bruce Garcia for the Texas Department of  
12 Criminal Justice.

13 *THE COURT:* Okay. Mr. Garcia.

14 And who's here for the -- UT and I guess the  
16:07:53 15 doctors?

16 *MS. WARREN:* Yes, Your Honor. Kelsey Warren for  
17 Dr. Hulipas, Terry Speer, and the University of Texas Medical  
18 Branch.

19 *THE COURT:* Okay. So I know this was filed like it  
16:08:11 20 was an emergency kind of a deal, but did y'all have a chance --  
21 did your -- Mr. Friedman, did you and Mr. Garcia and  
22 Ms. Warren, did y'all have some conversation about what you  
23 needed and what you wanted and whether or not there was any  
24 potential resolution to your problems?

16:08:27 25 *MR. FRIEDMAN:* We've had off-and-on conversation over

16:08:29 1 the last several weeks --

2 *THE COURT:* Pardon me?

3 *MR. FRIEDMAN:* We've had off-and-on conversation over  
4 the last several weeks --

16:08:35 5 *THE COURT:* Uh-huh.

6 *MR. FRIEDMAN:* -- and we're presently at an impasse.

7 *THE COURT:* Okay. When was the last time you spoke to  
8 Mr. Connors?

9 *MR. FRIEDMAN:* Approximately 10 to 12 days ago.

16:08:45 10 *THE COURT:* Okay. So I guess I'm a little bit  
11 confused, because -- well, I guess because of two things. One,  
12 does he have an appointment already coming up with UTMB, with a  
13 gastroenterologist?

14 *MR. FRIEDMAN:* Not that I'm aware of. There is an  
16:09:01 15 appointment scheduled for now in October of 2019. That's the  
16 last I knew, which is still two months out.

17 *THE COURT:* Okay. But that was my question. Does he  
18 have an appointment scheduled coming up?

19 *MR. FRIEDMAN:* I don't know that that's with the  
16:09:13 20 gastroenter -- I don't know that it's with the specialist he  
21 needs. I just know he has --

22 *THE COURT:* Isn't that with the gastro?

23 *MS. WARREN:* Yes, Your Honor. It's with the  
24 gastroenterology specialist, Hospital Galveston.

16:09:20 25 *THE COURT:* Okay. So, he does have an appointment

16:09:22 1 coming up --

2 *MR. FRIEDMAN:* I know he has an appointment --

3 *THE COURT:* -- with a gastroenterologist at UTMB in  
4 October?

16:09:27 5 *MR. FRIEDMAN:* I would trust the defendants'  
6 representation.

7 *THE COURT:* So you did not know that before today?

8 *MR. FRIEDMAN:* I knew there was an appointment. I  
9 didn't recall that it was for a gastroenterology specialist.

16:09:35 10 *THE COURT:* But isn't that what you were asking for as  
11 part of your injunctive relief, that you wanted an appointment  
12 with the gastro?

13 *MR. FRIEDMAN:* Yeah. He has a variety of medical  
14 conditions. I wasn't sure what he was going to be seen on that  
15 date for. I may just have overlooked it. I just don't --

16:09:46 16 *THE COURT:* So that part of your request is  
17 resolved -- is moot then?

18 *MR. FRIEDMAN:* It is not moot, Your Honor, because  
19 he's having blood coming out of his anus right now. He's  
20 having puss coming out of his anus right now. He needs to see  
21 a doctor much more quickly than two months.

22 *THE COURT:* Okay. So did he ask to see a doctor and  
23 he was denied?

24 *MR. FRIEDMAN:* Yes. He asked on -- July 19th was the  
16:10:08 25 last time he asked, and he was told he would be seen by a GI

1 specialist within 30 days, on an expedited basis, which would  
2 be --

3 *THE COURT:* No, I know, but this is not a GI issue.  
4 This is an emergency issue. Did he ask to see a doctor on an  
5 emergency basis and he was denied an opportunity to see a  
6 doctor on an emergency basis?

7 *MR. FRIEDMAN:* I do not --

8 *THE COURT:* That's what I'm trying to figure out. He  
9 has a gastro appointment coming up. So, we've got that. So  
10 that is one of the issues I wanted to get resolved. But it  
11 sounds like what you're saying is, it's not a gastro issue.  
12 It's not an immediate gastro issue. It's an immediate  
13 emergency issue.

14 *MR. FRIEDMAN:* Right.

15 *THE COURT:* So did he ask for -- to be seen by an  
16 emergency medical personnel, nurse practitioner or nurse or  
17 doctor and he was denied an opportunity for emergency medical  
18 care?

19 *MR. FRIEDMAN:* Yes. July 19 he asked for an emergency  
20 and he was told he would be put on an expedited list and that  
21 expedited list came and went.

22 *THE COURT:* What does an expedited list mean? I don't  
23 know what that means.

24 *MR. FRIEDMAN:* He was told he would be seen within 30  
25 days, which would be August 18 -- or August 19, and he was seen

16:11:08 1 by a nurse on August 19th.

2 *THE COURT:* And he was seen by a nurse?

3 *MR. FRIEDMAN:* By a nurse.

4 *MS. WARREN:* A nurse practitioner, Your Honor.

16:11:13 5 *THE COURT:* Okay.

6 *MR. FRIEDMAN:* Not by a GI specialist.

7 *THE COURT:* Oh, stop. Every time I ask a question --

8 *MR. FRIEDMAN:* Sorry.

9 *THE COURT:* -- you just -- you refuse to answer the  
16:11:19 10 question that I'm asking. I'm finished with the GI specialist.  
11 We're done. We've got an appointment. That's coming up.

12 Now we're just dealing with the emergency  
13 situation.

14 *MR. FRIEDMAN:* I understand.

16:11:29 15 *THE COURT:* He asked to see somebody on an emergency  
16 basis and was he seen by somebody within 30 days or not?

17 *MR. FRIEDMAN:* Not within 30 days. 31 days.

18 *THE COURT:* Okay. So he was seen by somebody on an  
19 emergency basis on August the 19th?

16:11:40 20 *MR. FRIEDMAN:* Correct.

21 *THE COURT:* Okay. So he was seen by somebody on an  
22 emergency basis on August the 19th and they did whatever they  
23 did and then now he still has an upcoming appointment with a  
24 gastro guy in October?

16:11:50 25 *MR. FRIEDMAN:* Correct.

16:11:50 1           *THE COURT:* So what additional medical relief, either  
2 emergency or gastro, do we still need? It sounds like those  
3 two issues have been addressed, at least the immediacy issue  
4 with a nurse practitioner and then the gastro issue with the  
16:12:05 5 upcoming appointment. What else is it that has not happened?

6           *MR. FRIEDMAN:* My position -- our position is that the  
7 nurse practitioner is not an adequate specialist.

8           *THE COURT:* Okay. You don't get to pick what kind of  
9 emergency person you get to see. A nurse practitioner is a  
16:12:19 10 medical professional. So that -- I don't get to choose that.  
11 And you don't get to choose that. He got seen on an emergency  
12 basis by somebody. What else is it that you're still looking  
13 to have happen in terms of seeking medical care at this point?

14           *MR. FRIEDMAN:* So then we want the medical  
16:12:34 15 prescriptive diet, low-residue diet to be ordered by the Court.

16           *THE COURT:* Okay. But here's the only problem with  
17 that part. I can't do an order that tells what a medical  
18 procedure is going to happen. Only a doctor can do that. All  
19 I can say is he needs to be seen by a doctor. He needs to be  
16:12:50 20 seen by a medical professional either on an emergency basis,  
21 which in this case was the nurse practitioner, or a specialist,  
22 which in this case because of the nature of his illnesses are  
23 gastro related and he's got an appointment coming up. But I  
24 can't tell the doctor what prescription to give. All I can say  
16:13:07 25 is he needs to be seen and you need to do an order ordering

1 TDCJ what you want them to do.

2 Now, my issue with TDCJ and UTMB is, it appears  
3 to me by looking at the records that sometime previously a  
4 doctor has said that he needs this low-residue diet but that  
5 somehow or another that didn't get translated into an order  
6 that TDCJ put into place, Mr. Garcia. So, where's the gap  
7 missing between the doctor said, yes, he needs a low-residue  
8 diet and TDCJ actually having something -- some order or  
9 mandate from the medical team of what has to happen for him?

10 *MR. GARCIA:* For UT -- excuse me. For TDCJ to feed  
11 Mr. Connors a low residue diet, simply somebody from UTMB,  
12 the dietician or the person who sets up his food, would order  
13 a TDCJ person at the Estelle Unit to give him a low-residue  
14 diet consisting of and then they would give him that  
15 prescription.

16 *THE COURT:* And that seems like that had already  
17 happened a long time ago.

18 *MR. GARCIA:* But TDCJ's people, the food service  
19 people, get the diet from the UTMB dietician. We have not  
20 received that order yet. What we have received is just the  
21 normal dialysis diet for Mr. Connors.

22 *THE COURT:* Right. Where's the order from UTMB for  
23 his low-residue diet?

24 *MS. WARREN:* Your Honor, it was never an order. There  
25 was no order. It was a recommendation by the gastroenterology

16:14:34 1 specialist.

2           *THE COURT:* So why didn't the recommendation get  
3 turned into an order?

4           *MS. WARREN:* Your Honor, there is no low-residue diet  
16:14:40 5 that they prescribe. They prescribed him -- there's no term  
6 "low-residue diet." The dialysis diet, as Ms. Kim outlined in  
7 her affidavit, is a low-residue diet --

8           *THE COURT:* Stop. I'm not buying that. You can just  
9 forget about that part.

16:14:55 10           *MS. WARREN:* Yes, Your Honor.

11           *THE COURT:* You can forget about that. When the  
12 doctor said he needed a low-residue diet, why was there not an  
13 order done, sent to the Estelle Unit saying, This is what he  
14 needs in the way of a low-residue diet? Don't tell me that  
16:15:07 15 some nurse said, Oh, yeah, this is good enough. The dialysis  
16 diet is good enough. Because this nonsense that you put in  
17 this affidavit, that the doctor signed something, that the  
18 nurse signed, then the nurse got from somebody from TDCJ, who  
19 maybe said that this is the same thing, that's just some crap.  
16:15:24 20 I'm not buying it, what you -- if that's what you're selling,  
21 I'm not buying it.

22           So when the doctor from UTMB wanted him to have a  
23 low-residue diet, what does the doctor next need to do in order  
24 to make sure that the doctor's desires or mandate or order is  
16:15:40 25 carried out by TDCJ? What is the next step that has to happen?

16:15:46 1           *MS. WARREN:* Your Honor, we have a dietician from UTMB  
2 here who can testify as to those issues.

3           *THE COURT:* Okay. Bring the dietician up then.

4           But I don't need them to describe the diet to me.  
16:15:56 5 I need them to describe the actual protocol in terms of how it  
6 gets from the doctor's order to TDCJ. The dietician tells me  
7 what the protocol is between UTMB and TDCJ?

8           *MS. WARREN:* Your Honor, the dietician would be  
9 involved in creating the diet.

16:16:16 10           *THE COURT:* That's not my question. I have a  
11 completely different question. Who takes the doctor's orders  
12 and changes them into an order that TDCJ has to implement?  
13 Where's the missing step in terms of how that happens?

14           *MS. WARREN:* Your Honor, I'm not sure.

16:16:31 15           *THE COURT:* That's what's missing here. The doctor  
16 has said one thing. TDCJ says, We'll do it if the doctor  
17 writes it down and tells us how to do it. How does that  
18 happen? What's that process for a doctor's orders to get  
19 written down and transmitted to TDCJ, so that they can do their  
16:16:49 20 part? They can't do it unless they get something in writing,  
21 I'm assuming, right?

22           *MR. GARCIA:* That's correct, Your Honor.

23           *THE COURT:* They can't do it unless they get something  
24 in writing from UTMB. What is it that they would be getting in  
16:17:00 25 writting from UTMB that would allow them to act?

16:17:04 1           *MS. WARREN:* It would be an order that he receive a  
2 specialty diet.

3           *THE COURT:* And what -- who would sign that order?  
4 Would that come from the doctor?

16:17:11 5           *MS. WARREN:* It would be from either --

6           *MR. GARCIA:* If I may, Your Honor?

7           *THE COURT:* Sure, Mr. Garcia.

8           *MR. GARCIA:* From my experience, at times it comes  
9 either from the UTMB provider at Hospital Galveston, a  
16:17:21 10 specialist will make a recommendation or a prescription to the  
11 provider on the unit. The provider on the unit will then take  
12 what they have on the unit. Usually I see this in  
13 prescriptions.

14           *THE COURT:* Okay.

16:17:31 15           *MR. GARCIA:* But UTMB guy, Well, I want them to have  
16 this. The person at the local unit will look at it, what they  
17 have on the TDCJ formulary and then they may prescribe a  
18 substitution. And it's my understanding --

19           *THE COURT:* That's drugs. That doesn't like --

16:17:46 20           *MR. GARCIA:* But I have a feeling with a prescription  
21 diet, which is something treated very similarly, I have a  
22 feeling that is exactly the same process that goes on.

23           *THE COURT:* So what UTMB would give you would be  
24 some -- maybe even a little prescription slip of some sort,  
16:17:59 25 like we would get, like, for drugs and it would say, This is

16:18:03 1 what this person needs to have?

2 MR. GARCIA: That is my understanding.

3 THE COURT: Did that ever happen in this case?

4 MS. WARREN: Not for a low-residue diet, no.

16:18:10 5 MR. FRIEDMAN: Your Honor --

6 THE COURT: But that was -- stop, stop, stop, stop.

7 Stop. But wasn't that what the doctor recommended?

8 MS. WARREN: Yes, in -- yes.

9 THE COURT: Right. And so then why did that

16:18:19 10 prescription never get written on a piece of paper and given to  
11 UTM -- to TDCJ so that they can actually do what needed to be  
12 done?

13 MS. WARREN: It's my understanding that there is no  
14 low-residue diet. That there is no diet defined --

16:18:35 15 THE COURT: Stop. You're not answering my question.  
16 Why did that never get written down on a piece of paper and  
17 given to TDCJ?

18 MS. WARREN: Your Honor, I can't answer that question.  
19 I apologize.

16:18:46 20 THE COURT: Why is it that -- and I understand it's  
21 hard to get into specialist appointments, because I've been  
22 trying to get a specialist appointment for myself. It takes --  
23 it took me two months to get the appointment that I had this  
24 morning. But is there any possibility that he can get in to  
16:19:00 25 see the gastroenterologist before the end of October? This is

16:19:04 1 August. That's two more months away.

2 MS. WARREN: Yes, it will happen before the end of  
3 October.

4 THE COURT: Okay. Do you know when, by any chance?

16:19:11 5 MS. WARREN: No, Your Honor, I don't know when in  
6 October that's supposed to be scheduled.

7 THE COURT: I'm saying can it be before that, is what  
8 I'm asking?

9 MS. WARREN: Yeah, we can do an emergency appointment,  
16:19:17 10 yes.

11 THE COURT: Okay. Well, can we get that figured out?

12 MS. WARREN: Yes, Your Honor.

13 THE COURT: So he can get an appointment and figure  
14 out what he needs. And then we can get him -- if the doctor  
16:19:26 15 still believes he needs a low-residue diet, can they write it  
16 down so that TDCJ can be enabled to fulfill the doctor's  
17 requests and the doctor's orders?

18 MS. WARREN: Yes, Your Honor.

19 THE COURT: Because there's something -- the missing  
16:19:41 20 piece is, nobody's given the piece of paper from UTMB to TDCJ.  
21 What's with that? It's like a big gap, a big hole, where just  
22 something needs to happen and just nobody is doing anything  
23 about it. The man has got puss coming out of his ass. What  
24 the hell. This is ridiculous. I mean, people aren't supposed  
16:20:02 25 to have to live like that.

16:20:04 1           *MR. GARCIA:* Your Honor, we may disagree with what has  
2 been put in the affidavit. We will get him the specialty  
3 referral as quickly as possible.

4           *THE COURT:* I don't know what you mean with "disagree  
16:20:12 5 with what's been put in the affidavit."

6           *MR. GARCIA:* I disagree with how they have put  
7 Mr. Connors' condition before the Court. We have had people  
8 look at him the last couple of days, last week, several days,  
9 and the physical -- he doesn't match up to what they're  
16:20:24 10 portraying.

11           *THE COURT:* Well, what do you think? So, you tell me  
12 what's happening to him then.

13           *MR. GARCIA:* Your Honor, I would go with Mr. Chan's  
14 affidavit that was filed with the Court, in terms of his  
16:20:33 15 physical examination of the gentleman. In addition --

16           *THE COURT:* What did he say?

17           *MR. GARCIA:* He said that there was no puss leaking,  
18 that they did find no leakage. However, because of  
19 Mr. Connors' complaints, he went ahead and moved forward and  
16:20:43 20 made the appointment expedited based on that.

21           *THE COURT:* Uh-huh.

22           *MR. GARCIA:* So, we have -- I think we have a  
23 difference of what we feel is going on. But I understand the  
24 Court's concern, and we will get the referral done as quickly  
16:20:53 25 as possible. And we will find what the miscommunication is.

16:20:56 1 If the low-residue diet is ordered again and TDCJ is ordered to  
2 provide it by a dietician, we'll get it done.

3 *THE COURT:* Okay. Let's get it done. I mean, this  
4 just doesn't make any sense. It's just -- it's literally just  
16:21:10 5 like a piece of paper is missing. He's getting seen on the one  
6 side, but then somehow or another what the doctor wants is not  
7 getting translated or what the doctor recommends, I guess, I  
8 should say, is not getting translated so that TDCJ can take  
9 action on it.

16:21:27 10 *MR. GARCIA:* And as I said earlier, Your Honor, the  
11 only thing I can think of is we're in the situation of what  
12 UTMB Galveston recommends is not what the provider on the unit  
13 feels is the appropriate --

14 *THE COURT:* So they get to just change what they want  
16:21:38 15 to change? When a doctor gives some orders, they get to just  
16 change whatever they want to?

17 *MR. GARCIA:* The doctor on the unit, it is my  
18 understanding that they can --

19 *THE COURT:* Oh, you're saying the doctor on the unit?

16:21:47 20 *MR. GARCIA:* Yes, Your Honor. Not TDCJ.

21 *THE COURT:* Okay.

22 *MR. GARCIA:* So, I was speaking for UTMB.

23 *MS. WARREN:* It would be -- it would go from Hospital  
24 Galveston to the Estelle Unit --

16:21:53 25 *THE COURT:* Okay.

16:21:53 1 MS. WARREN: -- that --

2 THE COURT: You're saying another doctor in TDCJ  
3 might --

4 MS. WARREN: Yes.

16:21:56 5 THE COURT: -- change their mind?

6 MR. GARCIA: Yes, Your Honor. The doctor for UTMB  
7 would look at the orders that came back from UTMB Galveston --

8 THE COURT: Uh-huh.

9 MR. GARCIA: -- and then adjust those orders to  
16:22:05 10 whatever the unit has on hand.

11 THE COURT: Okay.

12 MS. WARREN: And that would be at the regional medical  
13 facility there at Estelle.

14 THE COURT: Okay.

16:22:11 15 MR. GARCIA: Yes, Your Honor.

16 THE COURT: But right now you've got no order written  
17 down saying this is what he has to have?

18 MR. GARCIA: We have an order for a dialysis diet,  
19 Your Honor --

16:22:18 20 THE COURT: All right.

21 MR. GARCIA: -- right now.

22 THE COURT: Okay. So how about this: Why don't you  
23 guys let me know when UTMB -- let me know when you can get him  
24 an appointment.

16:22:28 25 MS. WARREN: Yes, Your Honor.

16:22:29 1           *THE COURT:* Just call Byron back and let me know what  
2 is going to happen and then I'm going to set you guys to come  
3 back here to see me again after the date of whatever that  
4 appointment is.

16:22:43 5           *MS. WARREN:* Yes, Your Honor.

6           *THE COURT:* But I'm hoping that the appointment is  
7 going to be within the next 30 days, not two months away. I  
8 know it's hard to get in to see those specialists for  
9 everybody, with all kinds of ailments, especially all us old  
16:23:02 10 people. Anyway, but as soon as you find out what the date is  
11 going to be for his gastro appointment, call Byron. But we're  
12 going to reset this for after that date.

13           *MS. WARREN:* Yes, Your Honor.

14           *THE COURT:* And then hopefully at that point in time,  
16:23:14 15 once he sees that specialist, the doctor will write down what  
16 it is that he wants to have happen and send it over to TDCJ  
17 medical staff, so that they know what it is that needs to  
18 happen. But I want to see -- that's why I want to see you guys  
19 after the appointment, to make sure that that process has not  
16:23:31 20 fallen in the hole again, where the doctor at UTMB makes a  
21 particular recommendation -- and he may or may not -- he or she  
22 may not say low-residue diet. If they say that's not what's  
23 needed, then that's the end of the discussion and we're  
24 finished with the whole talk.

16:23:45 25           But if the doctor makes a specific recommendation

1 and -- I just want to make sure that somehow or another that  
2 recommendation gets transmitted to TDCJ, so that you can carry  
3 out and fulfill whatever the recommendation is from the doctor.  
4 But if, you know, if the doctor says, No, he's fine, he doesn't  
5 need it, well, then there's nothing else for us to talk about.  
6 But right now, I mean, I can't prescribe or say that he needs  
7 to get something in particular, because I don't know. I'm not  
8 a doctor and neither are you.

9 *MR. FRIEDMAN:* I'm just asking that -- there's a long  
10 history of him getting a -- you know, him being recommended  
11 this diet. We've got a paper --

12 *THE COURT:* Okay. And I saw that. And that's why I  
13 was hoping that he'd get to see a gastroenterologist sooner  
14 than --

15 *MR. FRIEDMAN:* Thank you.

16 *THE COURT:* -- a couple months from now. I mean, I  
17 understand it takes a long time to get in to see a specialist  
18 and all of that but --

19 *MR. FRIEDMAN:* It's a long history.

20 *THE COURT:* Huh?

21 *MR. FRIEDMAN:* It's a long history.

22 *THE COURT:* Right. So somehow or another the  
23 misconnect or the disconnect here is it's never getting  
24 transmitted from UTMB to TDCJ. We need to make sure that we  
25 figure out where the gap is in that process.

1                   So I'm just going to leave this pending. I'll  
2 see you guys after his doctor's appointment, which hopefully  
3 will be within the next 30 days.

4                   MR. FRIEDMAN: Thank you, Your Honor.

5                   THE COURT: Okay. Thank you guys.

6                   MS. WARREN: And we'll inform the Court of that date.

7                   THE COURT: Thank you.

8                   (Concluded at 4:24 p.m.)
